

Sistem de montaj pentru balcon

Instalare - balcon

Amenajarea modulelor fotovoltaice – orizontala

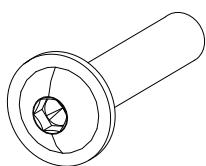

Proiectat pentru un modul cu o înălțime de 1134 mm

*Installation - balcony
Designed for PV modules - horizontal
Designed for modules with a height 1134 mm*

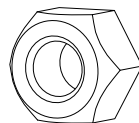

Acest manual este parte integrantă a produsului. Înainte de a începe asamblarea sistemului, citiți fiecare dintre cele două părți ale instrucțiunilor dedicate sistemului pe care îl instalați.
This manual is an integral part of the product. Before installing the system, read each of the two parts of the manual dedicated to the system to be installed.

1. M648

Șurub hexagonal M8x40
Socket screw M8x40

2. M1038

Piuliță autoblocante M8
Self-locking nut low M8

Instrumente / Tools

cheie hexagonală
allen key

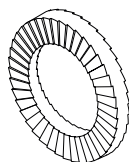

cheie cu cap deschis
wrench

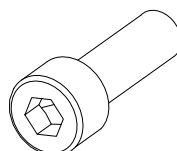

cuplul de strângere
o cu o valoare de X Nm
tightening torque
of X Nm

3. M1070

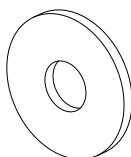

Șaibă de blocare S M8
Safety lock washer type S M8

4. M486

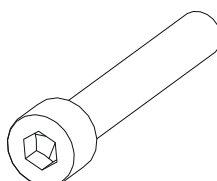

Șurub hexagonal M8x25
Socket screw M8x25

5. M515

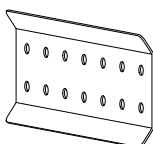

Șaibă rotunda lata M8 Wide
round washer M8

6. M683

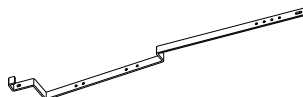

Șurub hexagonal M8x60
Socket screw M8x60

7. XPF_UB001

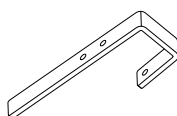

Profil de conectare
Mounting profile

8. XPF_UBE460_1

Mâner Encor460M_1
Handle Encor460M_1

9. XPF_UBE460_2

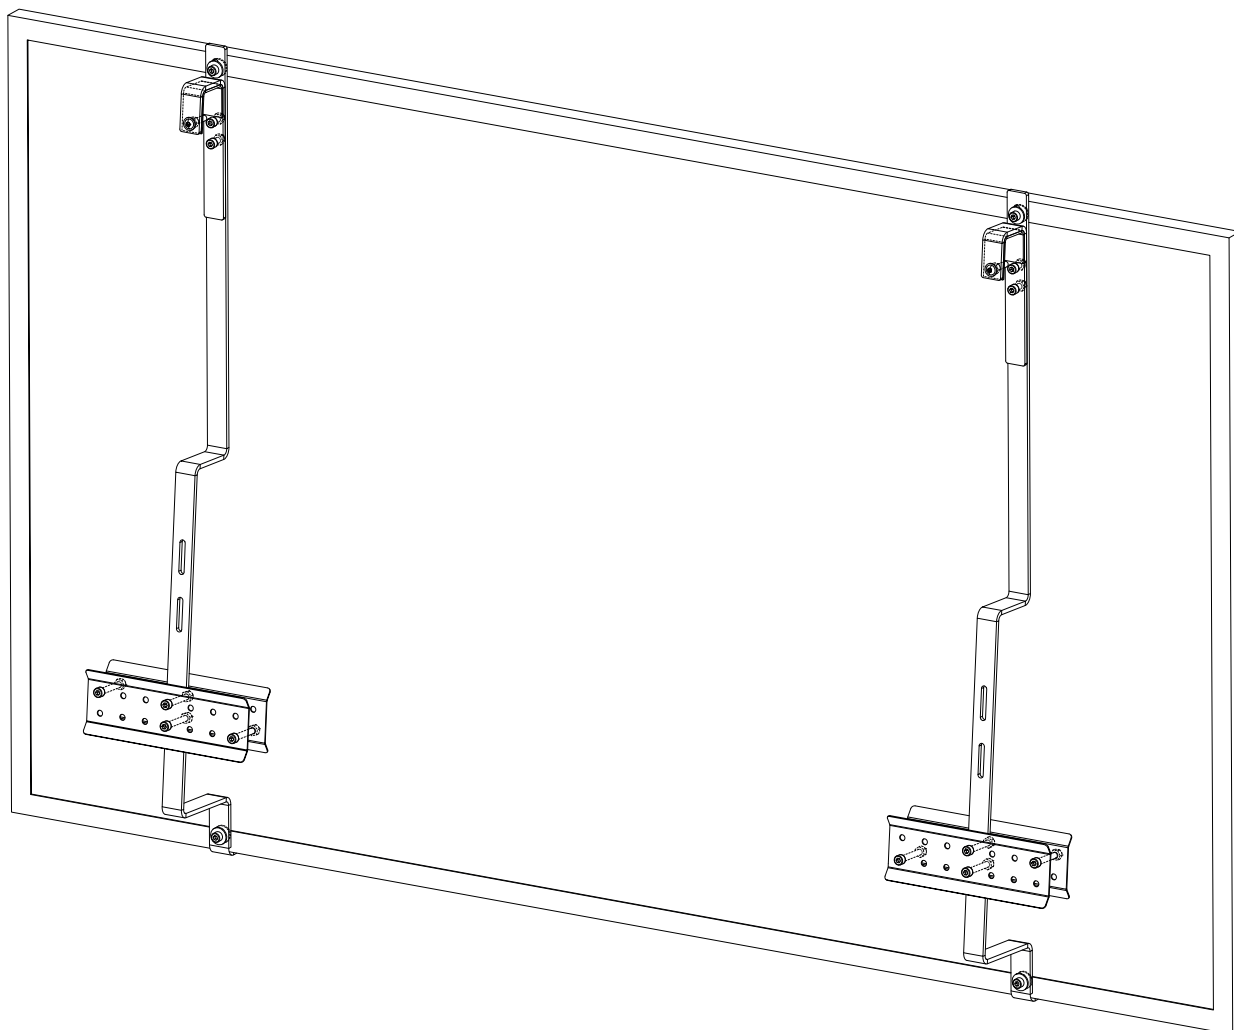

Mâner Encor 460M_2
Handle Encor460M_2

10. M696

Sigiliu EPDM
Seal EPDM

Instalarea neconformă cu instrucțiunile are un impact negativ asupra structurii și siguranței utilizării acesteia.
Assembly not according to the instructions has a negative impact on the construction and safety of its use.

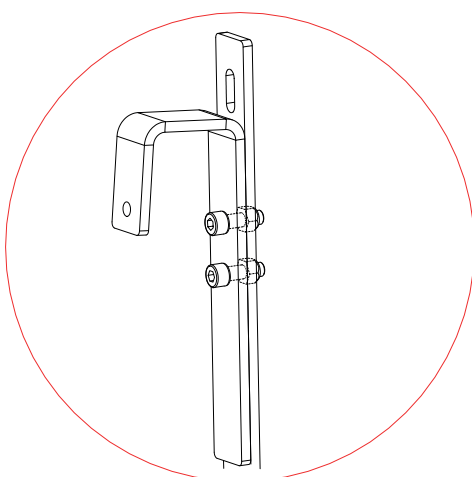

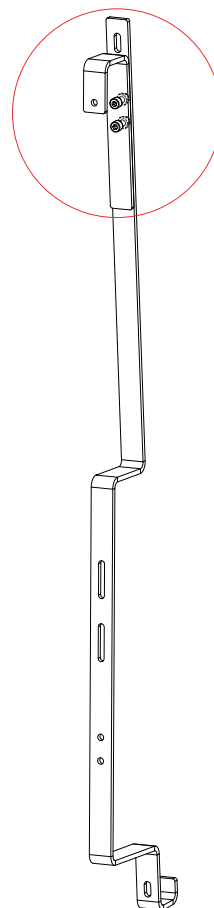

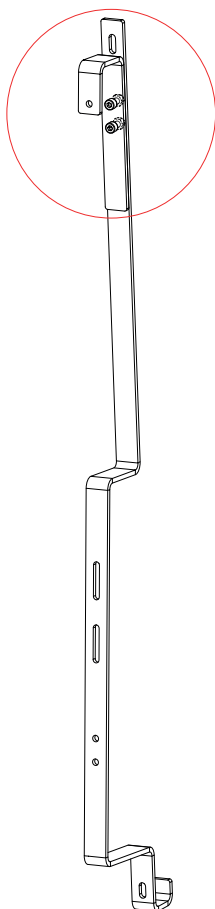

Strângeți încet și uniform componentele din oțel inoxidabil. Nu folosiți dispozitive de impact sau pulsații când strângeți șuruburile și piulițele din oțel inoxidabil. Recomandăm folosirea sculelor de mână și a grăsimii anti-gripare în îmbinările filetate din oțel inoxidabil.

Tighten stainless elements slowly and evenly. Do not use percussive or pulsating devices when tightening stainless steel nuts and bolts. Recommend the use of hand tools and anti-seize grease in stainless steel threaded connections.

Numar minim de persoane in timpul montajului: 2 persoane.
Minimum number of people for assembly: 2 people.
